

Research Area A Meeting 2018
Mainz, Wednesday 14 March – Thursday 15 March

- As last year, presentations will be bundled by project, i.e. each project will present one coherent presentation (with multiple presenters). This format helps to convey the bigger picture of projects with more than one project scientist.
- Time slots should be filled by 2/3 of the time with presentation and leave 1/3 of the time for discussion.

Information on venue

- The research area A meeting will take place in room 537 of the Institute for Atmospheric Physics on the campus of the JGU.
- By bus and tram, the campus (“Universität”) is 2 stops/ approx. 5min from Hauptbahnhof (see below for departure information).
- You will arrive near the main entrance of the campus (red circle in upper-right part of the campus map on next page).
- From there, it is an approx. 10min walk to the building “Naturwissenschaftliche Fakultät” (known as “NatFak”, red circle near the center of the campus map). The “NatFak” is a 7-floor long block-like building in, say, functional design, that is hard to miss.
- Go to the 5th floor, enter the western hallway (turn right if you took the elevator, turn left if you took the stairs, or follow the signs in the 5th floor). In the long hallway, room 537 is the first to you right.

Departure of buses and trams at Hauptbahnhof

Take:

- Tram 51 from platform **A**
- Tram 53 from platform **S**
- (virtually) All buses from platform **F and G**
